***AmkaiSolutions™* Hires Director of Implementation Services**

Waterbury, CT ---October 21, 2010 --- ***AmkaiSolutions™*** announced today that it has hired Chris Ford as Director of Implementation Services. “Our mission is to be the premier provider of effective software solutions for our clients - Ambulatory Surgery Centers, Surgical Hospitals and affiliated physician practices – and our implementation services is a critical component to our customer’s success,” said Frank Doto, Senior Vice President of Client Support at ***AmkaiSolutions™***. “Chris brings great expertise to this mission and we are very excited to have him as part of the ***AmkaiSolutions™*** team,” added Mr. Doto.

Chris comes to us from Ingenix, a provider of revenue cycle management tools that target hospital and large payer organizations. He is a seasoned client services delivery expert, with high competencies in Project Management, Technical Delivery, Issue Analysis, Defect Replication and Customer Support. At Ingenix, Chris was a key resource in developing and instituting formal Project Delivery programs. His talents will be leveraged to operationalize our newly designed project management approach.

“I am very excited to be joining the ***AmkaiSolutions™*** team as the company enters a period of extensive system implementations,” said Chris Ford, the new Director of Implementation Services at ***AmkaiSolutions™***. “With a number of recent installations for Covenant Surgical, Nueterra Healthcare and Proliance Surgeons, among others, and a strong pipeline of additional implementations scheduled, I am very excited to be adding my expertise to the this process,” added Mr. Ford.

About *AmkaiSolutions™*

AmkaiSolutions™ delivers comprehensive information management for outpatient surgery providers across every stage of administrative and clinical workflow. ***AmkaiSolutions™*** suite of business management, electronic health record, CPOE, e-prescription, and related applications promotes streamlined operations, structured data exchange, and patient safety.
